

Live Local Every Friday Again in 2018!

Spring/Summer is that time of year when specialty crop fresh fruits and vegetables start being delivered to market, and check out what we have planned again!

The **E. Center St. Farmers Market** is scheduled to begin on **Friday June 1, 2018** and will run each Friday evening again from **4:00 – 8:00 PM** (or sunset) through the end of September.

The market will be held on East Center Street between the intersection of South Maine Street and South Nevada Street. This is a central location in our historic downtown area, with the Fallon Food Hub at its core. Plenty of parking is available in the area and many other downtown businesses within walking distance will be open during the market.

This will be the third season for the **E. Center St. Farmers Market!**

A free raffle ticket is given out to each market attendee for a chance to win a fabulous basket of goodies from our vendors each week.

Special activities will also be held during the **E. Center St. Farmers Market** over the course of the season that will include blood drives, car shows and live music and entertainment.

Outdoor stations at the market will be assigned to local farmers, artisans, crafters, cottage food and other licensed vendors on a first-paid-first-reserved basis. The registration fee is \$20 per week with a \$5 contribution (products, gift certificates, etc.) to the weekly raffle basket.

All participating vendors must agree to comply with the **E. Center St. Farmers Market** rules, terms and conditions. Copies of all market documents can be found at the Fallon Food Hub, and on the E. Center Street tab on its web site <http://www.fallonfoodhub.com/e-center-st-farmers-market/>
